Bizagi's Annual Transparency Report

Bizagi Group Limited and its Affiliates ("Bizagi") are committed to respecting privacy maintaining our customers' trust and being transparent about government requests for customer data, and as part of our commitment to this effort, we publish an **Annual Transparency Report** with information about government requests to provide information on the nature and extent of these requests and the strict policies and processes we have in place to handle them.

Bizagi **carefully reviews these requests for legal sufficiency** and responds to the government in accordance with our [Privacy Policy](#) and any applicable service-specific terms, our internal policies and applicable law. When responding to a Government Request, we do so in line with the following principles:

- We are committed to maintaining client privacy and confidentiality
- All legal process is carefully reviewed
- Unless prohibited by law, we will notify the relevant customer so that they have the chance to challenge the request.
- We encourage requesting parties to first attempt to obtain the information directly from the relevant customer (or user(s))

We believe **our customers have a right to understand how their personal data is managed and protected**, and this Transparency Report provides information regarding US government requests for customer data.
